

TODO(202412_04)

1. Find and Join Online Igbo Communities

- ☐ Research popular online Igbo forums and communities.
- ☐ Join relevant Facebook groups, subreddits, and forums.
- ☐ Participate in discussions and connect with members.
- ☐ Attend virtual events or webinars hosted by these communities.

2. Advocate for Biafran

- ☐ Read up on the current state of the Biafran movement.
- ☐ Follow Biafran advocacy groups and influencers on social media.
- ☐ Share educational content about the Biafran movement on your platforms.
- ☐ Volunteer for or donate to Biafran advocacy organizations.

3. Research the Nigerian-Biafran War Further

- ☐ Compile a list of books, articles, and documentaries on the war.
- ☐ Dedicate a set amount of time each week to study these materials.
- ☐ Take notes and summarize key learnings.
- ☐ Discuss findings with others interested in the topic.

4. Advocate for Digital Rights as Human Rights

- ☐ Join digital rights organizations like the EFF or Access Now.
- ☐ Share information on digital rights issues on social media.
- ☐ Write blog posts or articles on why digital rights are crucial.
- ☐ Contact your local representatives to express support for digital rights legislation.

5. Design and Digitize the Nsibidi Fonts

- ☐ Learn the basics of font design using online resources.
- ☐ Create initial sketches of Nsibidi characters.
- ☐ Use a font design software to digitize the characters.
- ☐ Test the font and gather feedback for improvements.

6. Learn Nsibidi

- ☐ Find learning resources like books or online courses.
- ☐ Set a daily or weekly study schedule.
- ☐ Practice writing Nsibidi characters regularly.
- ☐ Join online groups or forums where you can practice with others.

7. Add More Content to My FTP Site

- ☐ Audit the current content on your FTP site.
- ☐ Create a content plan for new materials.
- ☐ Organize and upload new files.
- ☐ Inform your audience about the new content.

8. Study STEM Art

- ☐ Research the intersection of STEM and art.
- ☐ Find courses or workshops on STEM art.
- ☐ Create personal projects that combine STEM and art.
- ☐ Share your projects online for feedback.

9. Design and Implement Gosilang

- ☐ Define the scope and goals of Gosilang.
- ☐ Research linguistic principles and language construction.
- ☐ Create initial drafts of the language structure.
- ☐ Test the language with a small group and refine based on feedback.

10. Learn Igbo with Mango Language App

- ☐ Download the Mango Language app.
- ☐ Set a daily learning goal in the app.
- ☐ Practice speaking Igbo with language partners or tutors.
- ☐ Track your progress and adjust your learning strategies as needed.

11. Go to the Gym Biweekly

- ☐ Find a local gym or fitness center.
- ☐ Set specific fitness goals for each gym session.
- ☐ Create a workout schedule and stick to it.
- ☐ Track your progress and adjust your workouts as needed.

12. Get Started with Uche Nnamdi

- ☐ Outline your vision and goals for Uche Nnamdi.
- ☐ Develop a project plan with milestones.
- ☐ Start initial sketches or concepts for the project.
- ☐ Gather feedback and refine your ideas.

- ☐ Write the script and storyboard for the webtoon.
- ☐ Create character designs and backgrounds.
- ☐ Animate key scenes and add sound effects.
- ☐ Publish the episodes and promote them on social media.

21. Create the Winged Gunman Animation Painting

- ☐ Sketch initial concepts for the painting.
- ☐ Develop a color palette and composition plan.
- ☐ Paint the initial layers and add details gradually.
- ☐ Review and refine the painting until it's complete.

22. Formalize My Narrative Concept Art

- ☐ Gather all your narrative concept art.
- ☐ Organize the artwork into a cohesive collection.
- ☐ Create detailed descriptions for each piece.
- ☐ Compile the artwork into a portfolio or presentation.

23. Create Devil Deal: Xia Regret

- ☐ Outline the main plot points and characters.
- ☐ Create initial sketches or concepts for the story.

- ☐ Develop a project timeline with specific goals.
- ☐ Write and illustrate the story, iterating based on feedback.

24. Get Started on Teaching Full Stack Web Development on YouTube and LBRY

- ☐ Outline your teaching curriculum and lesson plans.
- ☐ Set up a YouTube channel and LBRY account.
- ☐ Record and edit your first few tutorials.
- ☐ Publish the videos and engage with your audience.

25. Write a Children's Book in Nsibidi and Igbo

- ☐ Brainstorm ideas and themes for the book.
- ☐ Write a draft of the story in both Nsibidi and Igbo.
- ☐ Create illustrations to accompany the text.
- ☐ Review and revise the book before publishing.

26. Learn to Draw Anime

- ☐ Find online courses or tutorials on drawing anime.
- ☐ Practice basic shapes and anatomy of anime characters.
- ☐ Experiment with different styles and techniques.
- ☐ Share your work online for feedback and improvement.

27. Revise Spirit of the Masquerade

- ☐ Re-read the existing manuscript for Spirit of the Masquerade.
- ☐ Identify areas that need revision or enhancement.
- ☐ Add elements of fear and beauty in the narrative.
- ☐ Share the revised version with beta readers for feedback.

28. Write and Publish 30 Poems

- ☐ Set a goal to write a certain number of poems each week.
- ☐ Experiment with different themes, styles, and formats.
- ☐ Compile your poems into a collection.
- ☐ Publish the collection online or as a physical book.

29. Start a Side Hustle

- ☐ Identify a marketable skill or passion.
- ☐ Conduct market research to validate your idea.
- ☐ Create a business plan and set achievable goals.
- ☐ Launch your side hustle and promote it online.

30. Collatz Sequence and Series with Bracket Notation Analysis with Quantum Computer

- ☐ Research the Collatz sequence and existing analyses.
- ☐ Learn the basics of quantum computing.
- ☐ Develop a plan for your analysis using quantum algorithms.
- ☐ Document and share your findings with the academic community.

31. Build on My Website

- ☐ Audit your current website for areas of improvement.
- ☐ Plan and design new features or sections.
- ☐ Implement the changes and test for functionality.
- ☐ Optimize the website for SEO and user experience.
